# Snorkel Adventure

## Your Experience

Mission Beach Island Reef Adventures offers an exciting ride to the **Great Barrier Reef** departing from the coast at **Mission Beach**. This tour provides the opportunity to observe a diverse number of fascinating marine life that live in the Great Barrier Reef area. Usually, whilst at your snorkelling destination, you will be able to see the beautiful mountain ranges which are spread along the coastline in the Mission Beach area.

## Meet our Marine Friends

Our **snorkel guides** will show you an array of fascinating marine life and where to find them, whilst also being in the water with you to ensure you are **completely comfortable** and **relaxed**. Swim over the colourful reefs with us and see amazing shaped corals, brilliant tropical fish, giant clams, clown fish, sea stars and, on most days, sea turtles - which are just some of the beautiful marine life that reside at the Great Barrier Reef.

## Your Crew for the Day

**Experienced and eco friendly**, offering informative reef facts to ensure your day is fun and full of interesting information about the Great Barrier Reef and the local area.

**Private Charters Available**

## Less Travel Time

We will whisk you out to the Great Barrier Reef in approx. 40 minutes on our **fun adventure vessel** so you can spend more of your day doing what you wish to do and spend less of your time travelling to and from the destination.
