

MISSION BEACH

Chocolate

Tour

Australia's only Cocoa Tree to Chocolate Bar Experience

Charley's Chocolate is located at the foot of Mt Edna just outside Mission Beach and is set in 400 acres of lush pasture, creeks and tropical rainforest.

Here we grow cocoa trees and make chocolate. You're invited to come and see (and taste) how the chocolate we all ❤️ gets from tree to bar.

 Your chocolate experience starts with a look at the fascinating history of cocoa going back 3800 years.

 We then take a short, easy walk to our commercial cocoa tree plantation.

 You'll learn how we use wire trellising to cyclone-proof the trees and you'll see the tiny orchid like flowers and learn how they're pollinated.

 Next we check out the ripening cocoa pods, (it's where chocolate starts).

 We'll look at the age old fermentation and drying process and then see the various stages of actual chocolate production.

 You'll taste some of the ingredients and finish off sampling several varieties of premium "Mission Beach Made" dark chocolate.

 Your tour concludes with genuine Aussie farm hospitality at lunch which is included in your admission.
