DUNK ISLAND TRANSFERS

Mission Beach Dunk Island Water Taxi operates from Wongaling Beach. This is the quickest & easiest way to get to Dunk Island in comfort in their custom designed 10 metre long vessel with seating for 24 passengers.

Renowned the world over as a unique tropical rainforest island, Dunk Island offers the day visitor a choice of two beautiful walking tracks. The first to the top of Mt Kootaloo (5.6km) offering breathtaking scenery and the Island Circuit Track (9.2km) showing off the Island's lush rainforest, a wide variety of wildlife, mammals and over 150 species of birds, including rare and vulnerable seabirds. Keep your eye out for Dunk Island's famous trademark blue Ulysses butterfly!

Take some fins and face masks for a snorkel at Muggy Muggy Beach to end your day on Dunk. Camping on the island is also available with toilets and hot showers.

FOZZY'S 3 HOUR 3 ISLAND TOUR

Also on offer is "Fozzy's 3 Hour 3 Island Tour". This is a fantastic way to visit our beautiful islands in comfort.

The tour drops by Dunk Island and then out and around Kumboola, Timana and Bedarra Islands.

We have a bit of fun with historic and sometimes fictional references (perfectly served with a dose of dry humour), coming to rest at a secret beach location for 1 ½ hours of beachcombing and swimming. Come prepared with an esky of cool drinks, a cheese plater, a couple of friends and let Fozzy look after you for a lazy Island afternoon.
