The 45 foot waterfall
was the inspiration for
José to choose this location.

Everyone has a dream but not everyone's dreams are fulfilled. José Paronella's dream was to build a castle. He chose a special part of Australia and created Paronella Park. On 5 hectares beside Mena Creek Falls he built his castle, picnic area by the falls, tennis courts, bridges, a tunnel, and wrapped it up in an amazing range of 7,500 tropical plants and trees. It opened to the public in 1935.

Paronella Park has received multiple Queensland tourism awards, is State and National Heritage listed, and is a National Trust listed property. It is privately owned and operated and Eco accredited. Paronella Park is the site of Queensland's 1st privately owned hydro electric plant (1933).
